Work History

123Loadboard

Frontend Web Developer

iOS / Android / WebApp

React, ReactNative, Typescript, ReactRouter, Redux, Lodash, Material-ui, StyledComponents, Xcode, AndroidStudio

Montreal, Quebec
April 2021 - January 2024

While in my role as a frontend developer I **fixed/reported bugs**, **built new features** and took part in **code review**. I **managed a frontend team** in **modernizing (Reactifying)** one of our older features. **Built an avatar upload feature** for users and companies. **Built an internal portal** to provide CRUD for integrator/customer. I also **took part in customer meet ups** to address any questions or concerns leaning on my logistics background.

Quarterback Transportation

Logistics Coordinator

Toronto, Ontario
November 2020 - April 2021

Stinson Owl Lite

Logistics Coordinator

Toronto, Ontario
April 2020 - September 2020

Projects

BetterBytes : Price Scraping, receipe and shopping list app.

v1.0 - React, Cheerio, Express, Knex, PostgreSQL, React-Router

v3.0 - NextJs, Cheerio, Mongoose, MongoDB, Typescript, Tailwind

OwlSite : Shipping/Logistics assistance app.

Input PO items, to help calculate total weight, number of handling units and dimensions to assist in setting up a shipment and future rate negotiation.

HTML, CSS, Express, MongoDB

Education

Lighthouse Labs

Full stack web development bootcamp

Toronto, Ontario
June 2019

Sheridan College

Advanced Diploma in Visual & Creative Arts

Oakville, Ontario
April 2009

Monday, January 29, 2024

Hello,

I am writing to wholeheartedly recommend Mike Fyke as an exceptional front-end software developer. It is with great regret that our company had to make the difficult decision to reduce our workforce, leading to Mike's departure. I would like to express my utmost gratitude for his dedication, talent, and valuable contributions during his time with 123Loadboard.

Mike consistently demonstrated outstanding proficiency in front-end development, creating visually appealing, user-friendly, and reactive interfaces that significantly enhanced our products. His ability to collaborate with cross-functional teams and understand end-users' needs played a crucial role in the success of several high-profile projects, the last one being the complex Trip Builder feature.

One of Mike's standout qualities is his commitment to continuous learning and staying abreast of the latest industry trends. He was always eager to take on new challenges and share his knowledge with the team, making him a valuable asset to our development team.

In addition to his technical skills, Mike exhibited strong communication and problem-solving abilities. He was adept at translating complex technical concepts into understandable terms for non-technical stakeholders, fostering a collaborative and efficient work environment.

Furthermore, Mike displayed remarkable leadership qualities, providing guidance to new team members, and contributing positively to the team's overall morale. His positive attitude, even during challenging situations, influenced the team dynamics.

While it is unfortunate that current circumstances led to Mike's departure from our organization, I am confident that he will be an asset to any future employer. His technical knowledge, work ethic, and interpersonal skills make him a standout professional in front-end software development.

I highly recommend Mike without reservation, and I am more than willing to provide further information if needed. Please feel free to contact me at 514-875-5301 or diana.metzen@123loadboard.com.

Sincerely,

Diana Metzen

Subject: Reference for Mike Fyke

To Whom It May Concern,

I am delighted to recommend Mike Fyke, with whom I closely collaborated as a Tech Lead at 123Loadboard. During our time working together, Mike consistently demonstrated commendable progress in React and React Native.

Mike not only adapted quickly to our projects but showcased exceptional dedication by willingly putting in extra hours to ensure the timely completion of tasks. This commitment was evident in the high quality and timely delivery of his work.

Mike's positive attitude, willingness to take on challenges, and his commitment to going the extra mile were consistently evident. He has proven himself as a reliable and dedicated professional with the potential to continue making significant contributions.

In conclusion, Mike is a valuable team member, and I am confident that he will bring enthusiasm and positive contributions to any work environment.

Feel free to reach out if you need more details.

Best regards,
Bernard
